PROFESSIONAL SUMMARY

Full Stack Web Developer with experience building responsive web applications, managing e-commerce platforms, and creating automated testing solutions. Skilled in JavaScript, Vue.js, Node.js/Express.js, HTML/CSS, and modern development tools. Strong problem-solving skills with a focus on delivering efficient, user-friendly solutions.

WORK EXPERIENCE

Web Developer

Van Marcke Trade Supply

📅 2023 - current

📍 Phoenix, AZ

- Managed e-commerce site, enhancing product data and images, which boosted customer engagement by 25% while coordinating Agile development.
- Authored and organized a library of SAP Impex scripts, streamlining product data imports and updates.
- Engineered a Vue.js application with an Express/Node.js backend, streamlining inventory management and boosting efficiency.
- Built and maintained an automated Playwright testing suite to validate site functionality and improve release confidence.
- Designed and maintained responsive email templates in MJML/HTML, ensuring consistent rendering across major clients and supporting marketing initiatives.

Lead Server

Babbo Italian Eatery

📅 2015 - 2023

📍 Queen Creek, AZ

- Served guests in a fast-paced environment and managed time for an optimal experience for each guest.
- Acted as a team player assisting the bar, service staff, kitchen, management, or any area in need of assistance.
- Recognized as a lead server with responsibility for overseeing opening/closing and coaching and mentoring new servers.

Part-Time Automotive Detailer

Enterprise Rent-A-Car

📅 2021 - 2022

📍 Queen Creek, AZ

- Cleaned and detailed rental vehicles inside and out, including washing, vacuuming, and inspecting for damage to maintain company quality standards.
- Managed vehicle staging and organization on the lot, preparing cars for customer pickup and supporting smooth branch operations.
